

## The Symbolic Foods

### *Setting up the elements*

**Each table should be set up prior to your starting time with the following Seder elements:**

1. Matzo Crackers
2. Apple Mixture
3. Parsley
4. Horseradish
5. Grape Juice
6. Saltwater and Wine (grape juice) Cup

#### **Matzo Crackers:**

Use 3 whole Matzo crackers for every 8-10 people.

Take 3 whole Matzo crackers and 1 large, white dinner size napkin (paper or linen).

Stack the 3 Matzos by placing each individual matzo between the folds of the folded napkin.

**Example:** Place one matzo between the folds of the first “pocket” of the napkin, the second cracker will go directly in the center where the napkin folds in half, and the third matzo is placed in the second “pocket” of the napkin.

#### **Charoset, Karpas, Morar:**

Use a dinner size (paper) plate ([see attached diagram](#)) to serve elements for 8-10 people.

This plate will then be placed on top of the matzo crackers.

1. Apple Mixture (Charoset): 1 tablespoon per person
2. Parsley (Karpas): 1 full long sprig per person
3. Horseradish (Morar) ½ teaspoon per person

**Each person will have two each of the 3 oz., cups at their place setting.**

#### **Saltwater:**

1. Half fill one of the 3 oz. cups with salt water.
2. The second cup is left empty and turned upside down. During the teaching, Pastor Bob will give instructions when it is time to use this cup.

#### **Grape Juice:**

Place a pitcher of grape juice on the table, enough for every 8-10 people to share 3 cups each during the Seder meal teaching. Pastor Bob will give instructions when it is time to pour the juice.
